

OSHA's Form 301 (Rev. 04/2004)

Injury and Illness Incident Report

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#). In addition, the forms are programmed to auto-calculate as appropriate.

Information about the employee

- 1) Full name **Thomas R. Baptiste**
- 2) Street **1104 Featherstone Rd**
- City **Woodbridge** State **VA** ZIP **22191**
- 3) Date of birth **06/09/1978**
- 4) Date hired **09/12/2016**
- 5) ☒ Male ☐ Female

Information about the physician or other health care professional

- 6) Name of physician or other health care professional
Dr. Elena Marsh, ER Attending
- 7) If treatment was given away from the worksite, where was it given?
Facility, **Sentara Northern Virginia Medical Center, Emergency Department**

- Street **2300 Optiz Blvd**
- City **Woodbridge** State **VA** ZIP **22191**

Public reporting burden for this collection of information is estimated to average 22 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Persons are not required to respond to the collection of information unless it displays a current valid OMB control number. If you have any comments about this estimate or any other aspect of this data collection, including suggestions for reducing this burden, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.
